DFSPL PROCEDURE

TITLE : WARRANTY

Proc. No: QC/13/05 D

Rev: 2

Page: 1 of 2

DONALDSON WARRANTY

"Donaldson warrants its Aftermarket products against failure due to defects in material and workmanship for the period specified under Terms and Conditions for the particular product. Donaldson's obligation under this warranty covers replacing the failed product, including transportation charges, only. If the Donaldson product is the sole and direct cause of damage to the equipment on which the product was properly installed, Donaldson will reimburse reasonable costs to restore the equipment to the condition it was in immediately before the failure. This warranty does not cover failure due to misapplication, misuse, abuse, neglect, rust through and corrosion, improper service practices or non-Donaldson approved modifications. Engine and equipment manufacturers warranties remain in effect when Donaldson's products are used.

Donaldson's must be notified in writing of any claims covered by this warranty within one year of the date of failure. Donaldson, at its discretion, will either physically visit the site where the alleged failure has been found; or, request that all parts, Donaldson and other relevant parts be shipped prepaid to its General Office, in care of the Product Lab or as otherwise specified.

Terms & Conditions

*Warranty coverage begins on the date and mileage the product is purchased by the user and expires when the **specified number of years or kilometers** has passed, whichever occurs first. (Details on warranty length by product below)*

The length of warranty for replacement products provided under warranty coverage is the balance of the warranty period remaining on the product being replaced.
